Welcome Message

5th AFSLAB Taipei Taiwan 5th AFSLAB International Symposium
November 28-30, 2016

Dear Friends and Colleagues,
Greetings from the AFSLAB Sym 2016, Taiwan!

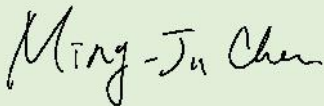

It is our great honor to share with you the exciting information that the 5th Asian Federation of Societies for Lactic Acid Bacteria International Symposium (AFSLAB Sym 2016) will be held in Taipei, from November 28th (Mon.) to November 30th (Wed.), 2016!

Asian Federation of Societies for Lactic Acid Bacteria (AFSLAB) is a rapidly developing and most attractive scientific society in Asia and has held the international conference/symposium every year since 2002. It has been engaged by 10 regional member societies. With those supports and participations, AFSLAB has become one of the most important international Lactic Acid Bacteria societies in the world.

Taiwan Association for Lactic Acid Bacteria (TALAB) is honor to be authorized by AFSLAB to organize the 5th Asian Federation of Societies for Lactic Acid Bacteria International Symposium 2016 in Taiwan. The AFSALB Sym 2016 in Taiwan is focusing on "Future Prospects of Lactic Acid Bacteria : Research and Application " and to discuss the advancement of science and technology applied to LAB, and to promote the public awareness in the knowledge of LAB in food, health and diseases, leading to the improvement of the quality of life. AFSALB Sym 2016 is going to provide a great opportunity for all the LAB scientists to stimulate and exchange the most up-to-date medical knowledge, together to carry the mission of AFSLAB to encourage research, communication, and education in lactic acid bacteria (LAB) and related sciences.

With open arms and warm regards, we sincerely welcoming you to attend the symposium and take advantage of this special occasion to renew contacts, exchange ideas and researches of the Lactic Acid Bacteria. More importantly, you cannot miss the chance to explore and discover the beauty of Formosa, and to experience the great hospitality of this island.

Yours truly,
Symposium Chairmen
